Adventurer's ring — 250 GP

Storage: pouch
Type: Ring (Common)
***Source**: Forgotten Realms - Heroes of Faerun*
Lamps are a liability on adventures. Delicate and prone to oil spillage, lamps fill a hand that should otherwise be wielding a weapon or casting a spell. Once you try one of our elegant and practical rings, you'll never go back to cumbersome flint and fire.

While the cover on this ring is open, the ring produces a flame that creates no heat and consumes no fuel. It sheds Bright Light in a 20-foot radius and Dim Light for an additional 20 feet. As a Bonus Action, you can close the cover, smothering the flame, or open it again.

Unknown Spell. As a Magic action, you can try to cast a cantrip that you don't know. The cantrip must be on the Warlock spell list and have a casting time of an action, and you make a DC 10 Intelligence (Arcana) check. On a successful check, you cast the spell. On a failed check, the spell fails, and the action used to cast it is wasted. In either case, you can't use this property again until you finish a Long Rest.
